

THE ZOOLOGICAL SOCIETY, KOLKATA

NATIONAL INTERNSHIP PROGRAMME, 2021

List of candidates shortlisted for Interview

Sl. No.	Applicant's Name	Application Id	Research Topic
1.	Achyutananda Samal	ZSK/INT-25/2021	Understanding the role of endocrine-disrupting chemical induced neurobehavioral transformation through regulation of Aromatase enzyme activity
2.	Ananya Pattnaik	ZSK/INT-40/2021	pH responsive cationic biomaterials for chronic wound healing
3.	Anjali C. J.	ZSK/INT-37/2021	Evaluation of anticancer potential of <i>Passiflora quadrangularis</i> L.
4.	Anjitha S. Nair	ZSK/INT-36/2021	Role of Galectin-3 in Liver Fluke Infected Gallbladder Cancer
5.	Ankita Ghosh	ZSK/INT-11/2021	Comparing cardiac fibrosis between neonatal pups and postnatal rats during pathological- hypertrophy induction by isoproterenol
6.	Debanjan Thakur	ZSK/INT-23/2021	<i>Danio rerio</i> exposed to Arsenic - a study of effect on embryonic development
7.	Debdeep Pramanik	ZSK/INT-22/2021	Comparative study of pollen transport capacity in different Dipteran families across an agricultural landscape of Sagar Island, West Bengal
8.	Debjani Dey	ZSK/INT-15/2021	Investigations on interactions between native insects and invasive plants in and around Kolkata, West Bengal
9.	Debjani Ghosh	ZSK/INT-24/2021	DNA barcoding of sanguivorous parasite <i>Haematobia irritans</i> : to resolve the historical <i>Haematobia</i> species complex
10.	Deepak Sankar N	ZSK/INT-35/2021	Evaluation of cadmium toxicity on the black clam, <i>Villorita cyprinoides</i> , Cochin estuary, India
11.	Koustav Mukherjee	ZSK/INT-26/2021	Synanthropy of saprophytic flies (Insect: Diptera) in the wet markets of Kolkata

12.	Prateek Angadi	ZSK/INT-27/2021	Effect of monocrotophos toxic exposure on Fatty acids composition in Bivalve, <i>Paphia malabarica</i>
13.	Rebanta Roy	ZSK/INT-4/2021	Investigating the interplay between stress responsive transcription factors, HIF-1 α and NRF2, in cancer and their modulation by spice-derived phytochemical
14.	Rima Sadhukhan	ZSK/INT-31/2021	Assessment of diversity of aquatic insect and its relation with limnological parameter
15.	Rudrajit Sarkar	ZSK/INT-5/2021	Arsenic bioavailability in poultry products and Consequent biomagnification in human body through consumption of contaminated poultry Eggs and meat
16.	Rupam Debnath	ZSK/INT-3/2021	Foraging Guild Structure and Niche Characteristics of Avifauna in a Changing Agricultural Landscape
17.	Sanchari Dutta	ZSK/INT-13/2021	Habitat mapping of critically endangered Three-striped Roof Turtle (<i>Batagur dhongoka</i>) in and around Rudrasagar lake, the Ramsar site of Tripura
18.	Shamim Shyamon	ZSK/INT-32/2021	A preliminary survey on the ichthyo species diversity and their parasitic fauna, of Urapad Beel, Goalparad District of Assam, India.
19.	Shrayan Bhattacharjee	ZSK/INT-20/2021	Inventory of the presence of microplastics in the carcasses of Adelie penguins collected from Antarctica
20.	Soumik Dey	ZSK/INT-10/2021	Preventing metastasis and relapse of triple negative breast cancer in 4T1 murine model: Capsaicin alone or with Doxorubicin
21.	Soumya Subhra Baishnab	ZSK/INT-14/2021	Unveiling the impact of anthropogenic stressors on meiobenthic population structure
22.	Soumyadip Pal	ZSK/INT-6/2021	Is refuge commenced by intra-specific competition or cooperation within a prey population?
23.	Suprio Parbat	ZSK/INT-41/2021	Bioturbation potential of selected freshwater snails: implications on the sustenance of freshwater ecosystems
24.	Swen Varghese	ZSK/INT-38/2021	Investigations on the role of antioxidant Vitamin C in tumor proliferation

The candidates are shortlisted based on their Academic and Research aptitude scores.
