

About

ZSK- India, a premier learned society of zoologists from India and abroad is happy to launch an India Initiative with establishment of The Zoological Society Research and Application Foundation (ZSK- RAF) for Human Welfare to promote applied research and knowledge based applications for developing linkage between human community and Zoological Sciences in Indian context.

*Celebrating 75 years in the pursuit of
knowledge and wisdom*

ZSK-RAF

The Zoological Society Kolkata-
Research & Application Foundation

ZSK- INDIA

The Zoological Society, Kolkata- India

Department of Zoology,
University of Calcutta.
35, Ballygunge Circular Road
Kolkata - 700 019, India

Programmes and Centres of activity envisaged under ZSK- Research and Application Foundation (ZSK-RAF) for Human welfare:

1. Dr. Dharitri Mitra Tarafder Memorial Centre for Applied Entomology
2. Dr. Hiralal Chaudhuri Memorial Centre for Animal Resources and Sustainable Development
3. Prof. Asok Ghosh Memorial Centre for Human diseases and Translational research
4. Prof. N.C. Datta Memorial Centre for Ecosystems and Environment Management

The four centres will be operated from the corpus fund being generated in the name of ZSK-RAF. Each centre will support Applied research / survey / Technology transfer projects with National Internships / Project Fellowships to young scholars for variable periods. Innovative projects will be invited from potential aspirants for evaluation by national level expert committee for granting approval.

The projects may be implemented in collaboration with research institutes, Government & Non – Government organizations and reference laboratories of Universities throughout India. ZSK-RAF and programmes under its umbrella will be run by a structured management committee with a 4 years mandate under the purview of the Executive Council of the Zoological Society.
