Zoological Society, Kolkata organizes Symposium on Fishery and Aquaculture

The Zoological Society, Kolkata in collaboration with Aquatic Ecology and Fisheries Laboratory, Department of Zoology, University of Calcutta organized a symposium with two lectures on Fishery and Aquaculture on 23/08/2024 (Friday) at the Hiralal Chaudhuri Seminar Hall of Department during 2.30-5.30pm. The 'Prof. Naresh Chandra Datta Memorial Lecture' was delivered by Dr (Ms) R. Ghoshal, Associate

Dr Koushik Ghosh speaking

Professor, Department of Biological & Life Sciences, Ahmedabad University and the 'Prof. Samir B. Bandyopadhyay Memorial Lecture' was delivered by Prof. K. Ghosh, Associate Professor, Department of Zoology, University of Burdwan, West Bengal.

Prof. S. Homechaudhuri, In-Charge, Aquatic Ecology and Fisheries Laboratory, while giving the welcome address mentioned that these lectures are organized on theme 'Fish & Fisheries Science: Research Updates and Modern Aspects', and respect and homage are paid on this occasion to two teachers of this Department worth remembering, Late Prof. N. C. Datta and Late Prof. S. B. Banerjee. Both of them were visionary

Dr Ratna Ghoshal addressing educationists and scientific experts, left an impactful and enduring legacy; were punctual, spellbound, sympathetic teachers and indeed great human beings. Dr A. Bhattacharya, Hony. General Secretary, Zoological Society fondly and lucidly spoke about greatness of these two persons and the influence they had on others in the Department younger in age.

Dr R. Ghoshal spoke on 'Application of multi-
